Screatives Software Solutions

January 2022 – December 2022

Hyderabad, Telangana, India

- Sourced and placed technical consultants for contract positions using various recruitment techniques and job portals
- Maintained daily and weekly activity reports, tracking candidate submissions, interviews, and successful placements
- Analyzed technical skill set requirements and matched candidates with appropriate client opportunities
- Built foundational understanding of IT industry, technical roles, and software development project requirements

Key Projects

Home Service Application

React Native, Node.js, MySQL

Full Stack Mobile Application

- Created a comprehensive mobile application connecting service providers with users
- Implemented booking system, scheduling functionality, and payment gateway integration
- Developed RESTful APIs for user authentication, service management, and booking workflows
- Designed intuitive user interface with real-time updates and seamless navigation

University Application

React.js,node.js , MySQL

Full Stack Mobile Application

- Contributed to university management application streamlining academic and administrative processes
- Developed features for course registration, grade management, and student-faculty communication tools
- Built responsive frontend components and integrated with backend APIs for data management
- Implemented secure authentication and role-based access control for different user types

Education

Bachelor of Technology in Electronics and Communication Engineering

2017 – 2021

S.R.T.I.S.T (affiliated with JNTUH)

Nalgonda, Telangana, India

- Percentage: 62%

Intermediate (10+2) in MPC (Mathematics, Physics, Chemistry)

2014 – 2016

Vinoothana Junior College

Telangana, India

- Percentage: 60%

SSC (10th Class)

Completed 2014

Ekalavya Foundation School

Telangana, India

- CGPA: 5.3

Additional Information

- **Languages:** English, Hindi, Telugu
- **Soft Skills:** Team Collaboration, Client Communication, Problem Solving, Fast Learner, Adaptability
